Harrow Youth Football League is associated with the Harrow Soccer Combination.

Issued - September 2026

The Harrow Youth Football League is a premier football organisation for the Under 12 to Under 18 age groups (inclusive); Under 12 and Under 13 @ the 9-a-side level, and Under 14 to Under 18 @ the 11-a-side level. The League exists for the benefit of children (boys and girls) where the emphasis is on enjoyment, team participation, and the development of footballing skills and techniques; alongside the associated benefits of physical, mental and social well-being.

There is also nothing more important in football than keeping players, coaches, spectators, match officials and everyone involved safe. If we can do that, we can all enjoy the game we love.

The Harrow Youth Football League and all its member clubs support The FA's Respect programme. We recognise that everyone in football has a collective responsibility to create a fair, safe and enjoyable environment in which the game can take place.

We value the courtesy and fairness by all players, officials and spectators. We seek all matches to be played in a fair and competitive but not antagonistic environment.

If we do not have Respect for the opposition players and coaches, and especially for the match referee, then we do not have a game of football.

In the League, equality, diversity and inclusion means valuing and celebrating our differences.

Every one is welcome and every single participant has the right to play the game with confidence and without prejudice, regardless of ability and background. The League is proud of the achievements and progress made so far across the football family, as we all continue on the journey to make the game truly FOR ALL; we hope that you will all join with us.

HYFL PLAYER REGISTRATION AND TRANSFER PROCEDURES

Full details are given in the User Guide (which must be read in conjunction with this summary note); along with the League Rules.

Registration of each of your players (for each team), must be done through the website: www.hyfl.website. We strongly recommend that you use 'Google Chrome' as the internet browser to enter the system.

On the page for player registration, please enter (completely and accurately) the player's full first name and surname (no middle names or initials), along with their date of birth. Also, please upload/attach the following (in .jpg) to the database (each document should not exceed 5Mb in size): (a) a current (taken no more than 6 weeks prior to registering the player) passport-sized photograph of the player, that meets the minimum quality standards as given in the User Guide (and portrait format) - so head and shoulders only in show and with a plain, light background (no glasses or hats), please make sure that the photo is the right way up and the right size (rotate as necessary) and also that it is not squeezed in terms of size; and (b) evidence of the player's date of birth (in 'landscape' format) - such as last season's (only) player laminate ID card, (not the system print outs), passport (details/photo page only, not the facing page, and in-date), birth certificate (certified copy - only with the name/date of birth is required, not the full document), or other official document, each meeting the standards as given in the User Guide. Once this is done and you wish to submit the registration, you will be asked to confirm that all the data entered is complete and accurate. Certain checks will be undertaken by the system and, if all of them are passed, then a player registration number for the season will be automatically generated by the system.

Only upon the correct completion of all the above-mentioned procedures and the issuance of a valid player registration number will the player be duly registered for your club/team. Clubs may register players up until Saturday night for the Sunday match.

The maximum number of players, who can be registered at any point of time, per team, is 25.

The final date for registering/transferring players is Sunday 28th February 2027.

Once a player is validly registered, clubs will have the facility to print a detailed report of the player, comprising all of the entered personal details, the uploaded photograph and the registration number, from the system.

A personalised player laminate ID card will be subsequently issued by the League to clubs for each registered player.

A player can register for only one club/team at a time, for any one Sunday competition across England.

A club may seek to cancel a player's registration, at any time, by notifying the League AND returning the player laminate ID card to the League. Upon the receipt of these, the League will then cancel the registration on the system, and notify the club of such action. Until ALL of these procedures are completed, the player shall remain a registered player for that club. Clubs must ensure that the player laminate ID is 'received' by the League; as without that receipt the cancellation cannot and will not be processed. We therefore strongly recommend that the card is sent by a method that provides proof of delivery (i.e. postal recorded and signed for delivery) - Clubs must retain evidence of such delivery, in cases of any issues arising. Alternatively, the card can be personally delivered to 21 Downs Avenue, Pinner, HA5 5AQ (and put through the letterbox; no knocking at the door or ringing the bell).

A club/team may seek to transfer a player to them by first writing to the club with whom the player is current registered (copying in the League too) and seeking permission for the said player to be transferred. The League, after receipt of such permission AND the player laminate ID card being returned to and being received by the League, will effect the transfer and update the system, taking the player off the old club/team's record and adding the player to the new club/team's record. Until ALL of these procedures are completed and the League has provided a written confirmation to the clubs/teams concerned of such actions, then the player shall not be considered to be transferred and shall remain a registered player for his old club/team. This procedure also applies to the transfer between teams within the same club. Clubs must ensure that the player laminate ID card is 'received' by the League; as without that receipt the transfer cannot and will not be processed. We therefore strongly recommend that the card is sent by a method that provides proof of delivery (i.e. postal recorded and signed delivery) - Clubs must retain evidence of such delivery, in cases of any issues arising. Alternatively, the card can be personally delivered to 21 Downs Avenue, Pinner, HA5 5AQ (and put through the letterbox; no knocking at the door or ringing the bell).

All player laminate ID cards MUST be made available at all matches. In cases where such cards have not yet been distributed by the League to the club, a printed copy report (downloaded from the system) of the details of all registered players MUST be made available at all matches. For the avoidance of doubt, electronic copies of such cards/reports via computer, ipad, iphone, etc. is NOT acceptable.

All clubs/teams must check their opponent's cards/reports at all matches in the League.

If a club/team fails to provide the cards/reports at the match, the game shall still take place. However, the club/team in default shall arrange for each player to write his/her name on a piece of paper along with their date of birth in the presence of the opposing team. The opposing team must then submit this to the League for checking.

Please read the League Rules in detail which, in the case of any inconsistency with the above, shall fully apply. Please also read the User Guide which provides further details for assistance and requirements.

HYFL PLAYER REGISTRATION ADVICE

There are 5 key fields when registering a player and these need to be accurate to avoid subsequent rejection.

First Name	Must be entered exactly as given on the proof document e.g. if the player's first name on the document is Daniel but known as Danny, you must enter Daniel. No middle names shall be included. Please double-check that the spelling of the name exactly matches that on the proof document.
Last Name	Enter exactly as given on the proof document. If the player has 2 or more last names, then all must be entered exactly as given on the proof document. If the name has a hyphen, please enter it but if not do not add a hyphen if there is not one on the document. Please double-check that the spelling of the name exactly matches that on the proof document.
Date of Birth	This must be taken from the proof document, converting the month alpha characters to numeric. So Jan is 01, May is 05, Aug is 08, Dec is 12, etc.
Player Image	This must be a current photo (taken no more than 6 weeks prior to registering the player) of the player's face and shoulders only - not his/her body. The player must be looking directly at the camera. The photo must be a close-up of the player's face such that there is just a small amount of light background visible around the head. The player must not be wearing glasses or a hat. There must not be others in the photograph. The photograph must be taken in 'portrait' mode and be less than 5Mb in size (and in .jpg format). It is important to check for this before starting the registration process as some photos will be taken by others without checking the size or that it is taken portrait. Please check that the image is showing in the correct way and, if not, rotate it before registering the player, using the rotate button. Before registering the player, please use the 'View' function in order to ensure that the photo meets the minimum requirements.
Document Image	This is the area that causes most rejections and this is because users often do not observe the requirements. There are three documents that can be used to provide proof that the player is eligible to play for the club: 1. The player's 2025-2026 registration laminate ID card. The photo of this card must be taken from directly overhead, not at an angle, and be taken in 'landscape' mode. There must be no background. 2. An (in-date) passport details photo page. When opened this is the lower half of the 2 pages that are visible. You must only photograph this lower half and ensure that everything is included in the photo; this includes the lower 2 lines of data which can be used to confirm details if a part of the document is unreadable. The proof image must be taken from directly overhead, not at an angle, taken in 'landscape' mode with no background. 3. A birth certificate. Only the top of the document showing the official wording, the player's name and date of birth. Nothing else is required. Again, this must be photographed from directly above, not at an angle, in 'landscape' mode with no background. It is important that the document image uploaded is readable (and less than 5Mb in size) and this means taken in good light but not with a light shining directly on it as this might obscure certain key details. Please check that the image is shown in the correct way and, if not, rotate it before registering the player using the rotate button. Before registering the player, please use the 'View' function in order to ensure that the photo meets the minimum requirements.

PROCEDURES TO BE FOLLOWED DURING INCLEMENT WEATHER AND PITCHES POSSIBLY BEING UNPLAYABLE

Under the League and FA rules/regulations, it is ONLY the appointed match referee who has the power to decide the fitness of the ground in all matches and his/her decision is final and binding, subject to the matters noted below.

To be clear, the decision regarding whether a pitch is playable is primarily determined based on whether the pitch is dangerous for the players playing in the match, not if it is too wet or too muddy, as the case may be. All registered referees are provided with training in this area and they are independent of mind in this regard.

The home club must liaise with the appointed match referee, as early as is practicable and reasonable, so that he/she can attend and visit the ground and inspect the pitch.

All appointed match referees themselves must be available to be contacted and attend and visit the home ground as necessary.

In all cases, the match referee must attend and review the pitch conditions in person. A home club official should be in attendance at the ground when the inspection takes place.

Subsequently, if a match is not played, the match referee is entitled to claim travelling expenses (only) from his/her home to the venue (this shall be paid by the home club).

If a home club has more than one pitch in use at the venue, it is permissible for one of the appointed match referees to attend and to inspect all the pitches that are scheduled to be played on; and in this case his/her decision shall be final and binding over all pitches/matches.

Under no circumstances shall a team manager, club official or any other non-match appointed referee be entitled to decide as to the pitch condition and whether a pitch is playable or not.

When the pitch is being inspected by the match referee, he/she must do so on his/her own (unaccompanied) and the match referee (after inspection) shall then advise the home club official of his/her decision.

Under no circumstances shall a pitch be inspected and/or declared unplayable before the Saturday (prior to the Sunday match day); and if on the Saturday then only in exceptional (weather-related) circumstances.

If there is no League appointed match referee for any particular game, the person who the home club has appointed to be the match referee on the day shall have the full powers, status and authority of a League appointed match referee and the procedures noted above shall be followed in full.

In certain rare cases, it is possible that the ground authority (i.e. a local Council) makes a decision as to whether a pitch can be used (i.e. whether it is playable or not). In such circumstances, the decision of the ground authority is final and binding and there is no need for clubs to liaise with the appointed match referee for any independent inspection.

The above-mentioned rights of the ground authority (in almost all cases this will 'only' be a local Council) does not apply when the home team are the pitch owners or have control (directly or indirectly) over the pitch. If that is the case, then the right to make a decision as to whether a pitch is playable or not reverts solely to the appointed match referee - as stated above.

Before any match is finally postponed, the home club MUST contact the away team and see if the away team can host the match. If the away team can host the match, then the game must be switched to the away team's ground and be duly played.

Regarding the timing of any pitch inspection, it is clearly preferable for any inspection to take place early enough to avoid the away team having to travel to the home team ground (if there is the possibility of the pitch being declared unfit for play). However, if that is not possible (and in the interest of matches taking place) - if a match is not called off then the away team must travel to the home team ground to be ready to play the match at the scheduled kick off time.

It is always frustrating for all concerned (players, parents, coaches, club officials and referees) when matches have to be called off due to inclement weather. The League is seeking to facilitate an independent, standard process be followed, so as to ensure that the maximum number of matches are played each week whilst, at the same time, recognising that some pitches may not be playable; and that such decisions are taken as early as reasonable possible, but by bringing the ethos of football-for-all to the fore.

NOTES FOR CLUBS

1. All club secretaries, officers and team managers should read, in detail, the League Rules enclosed herein, together with the section entitled "Notes for Match Officials".

2. All player registrations must comply in **full** with the requirements of Rule 18 - please read it carefully. In particular, clearance **must** be obtained from a player's previous club before a new registration can be submitted.

3. Eligible dates are:

Under 12 - 1 Sept 2014 to 31 Aug 2016

Under 13 - 1 Sept 2013 to 31 Aug 2015

Under 14 - 1 Sept 2012 to 31 Aug 2014

Under 15 - 1 Sept 2011 to 31 Aug 2013

Under 16 - 1 Sept 2010 to 31 Aug 2012

Under 17 - 1 Sept 2009 to 31 Aug 2011

Under 18 - 1 Sept 2008 to 31 Aug 2011

The above-mentioned are exact dates that determine the eligibility of a player (who can be a boy or a girl in all age groups) and each player must have a date of birth in the date ranges of his/her age group.

The squad size shall not exceed 25 registered players per team.

4. All transfers must comply in **full** with the requirements of Rule 18. The transfer and registration deadline is 28 February 2027.

5. All clubs shall keep a detailed list of its players and a record of the matches in which they have played.

6. If no fixture is required on any particular Sunday, please notify the Fixture Secretary **and** the Executive Officer at least 30 days in advance. Such requests shall be limited to one Sunday in any one month with a maximum of three per season.

7. The Fixture Secretary may arrange any match in the League (Sunday, mid-week or Saturday) by giving both the playing teams not less than five days' notice of such fixtures. Clubs may nominate only one fixture secretary to the League.

8. All home teams **must** confirm the match details with their opponents and the match officials at least five days before the game. The away team and the match referee must also acknowledge receipt of such details at least three days before the game.

9. The home team shall decide the kick off times. The time for a.m kick offs shall not be earlier than 10.00am unless mutually agreed by the two teams. The time for p.m kick offs shall not be later than 2.00pm.

10. Any postponement of matches must **immediately** be notified to the opponents, match officials, Referees' Officer, Fixture Secretary and Results' Service.

11. All home teams **must** ensure that goal nets and corner flags are provided and in place, together with two match balls.

12. The League is an accredited FA Respect League. Therefore all teams and officials **shall** conduct the 'Respect' handshakes prior to and at the conclusion of each match. In addition, The FA's Respect Codes of Conduct **must** be followed at **all** times.

13. All pitches **must** also have the required approved pitch barriers, or cones, or additional marked lines.

14. All home pitch venues and locations must provide available changing rooms and toilet facilities.

15. If there is no appointed referee, the home team **must** arrange and provide a responsible adult to referee the match. Both teams must also provide a linesman to assist the match referee.

16. In all cup matches, there is **no** extra time; penalties **will** decide the result of the game where necessary. There will be no replays.

17. To be eligible to play in a cup semi-final/final, players must have played in at least four previously authorised matches for their team. Players can only play for one team in the cup competition in any one season.

18. Please ensure that you communicate (via telephone/text/email) your match results (including all cup matches, Middlesex F.A. - youth cup/trophy matches and any other County F.A. - youth cup matches and any postponements) to the League by 5.30 p.m. on the Sunday evening.

19. Match result forms **must** be fully completed on-line by each team and submitted to the League within two days of all matches.

20. Any matches that do not take place **must** be reported through the relevant on-line form and submitted to the League

21. League Club meeting dates and Club conference telephone call dates are listed in detail in this book. Each member club **must** send a representative to each of these meetings and a representative **must** dial into the conference calls.

Detailed information is given out at the meetings and at other times is sent through email or post to Club Secretaries.

22. There shall be no telephone calls to any League Officer, Club Official or Referee after 9.00 p.m. All correspondence, telephone calls and emails to League Officers shall only be from the Club Secretary.

23. We hope that you all have a very enjoyable season (weather permitting!). If you have any general questions please (through the Club Secretary) do not hesitate to contact the appropriate League Officer or, in the alternative, the Chairman/ Executive Officer. We are all committed to providing whatever assistance we can.

NOTES FOR MATCH OFFICIALS

1. Your availability dates have been noted. Please notify the League Referees' Officer, Luke Partington, immediately when you become aware of your non-availability due to County cup appointments or for any other reasons.

2. Please note the following details with regards to the fees payable and playing conditions:

Fees

Under	Single Game	Double-Headers
18 and 17	£45	£55
16, 15 and 14	£40	£50
13 and 12	£35	£50

League

Under	
18 and 17	45 minutes each way
16	40 minutes each way
15 and 14	35 minutes each way
13 and 12	30 minutes each way

The half-time interval in all matches shall be 10 minutes.

Under 12 and Under 13	9 versus 9
Under 14 to Under 18	11 versus 11

League Double Headers

There are two games in this category and must be played as follows:

18 and 17	-25 minutes each way
16	-25 minutes each way
15 and 14	-20 minutes each way
13 and 12	-20 minutes each way

There must be an interval of 15 minutes between each Double Header match.

League Cup

The duration of League Cup matches is the same as that for League games. If the scores are level at the end of this time period, then the result of the match shall be determined by the taking of penalty kicks. There is no extra time.

Assistant Referee's Fees

Under 18 and 17
Single game - £35 Double games - £41
Under 16, 15, 14, 13 and 12
Single game - £30 Double games - £37

3. In the event of a colour clash, the HOME team must change.

4. All teams may nominate a maximum of five substitutes for any match, of whom up to a maximum of five substitutes shall be allowed to play in accordance with the Laws of the Game. The names of all the nominated substitutes must be given to you prior to the commencement of the match and any substitute not so named may not take part in the match. The League operates the concept of repeat substitutes in all age groups.

5. If, after having been appointed to a game, you do not receive the match details from the HOME club by the Thursday prior to the game, please contact the League Referees' Officer as a matter of urgency. Please acknowledge receipt of the match details from the home club.

6. It is a requirement for all referees to complete and submit the on-line Match Report Form as early as possible. This will enable the League to take timely action against Clubs for any infringement of the Rules.

7. Whilst Clubs are fined for all late kick-offs, both teams must be ready to kick-off within thirty (30) minutes of the scheduled kick-off time, (minimum of seven players Under 14 to Under 18 and minimum of six players Under 12 and Under 13). If this is not so, the game should not be commenced and you are entitled to claim your full match fee.

8. If a game has to be abandoned for whatever reason (other than inclement weather), then you must report the matter immediately to the relevant County F.A. and also send a copy of your report to the League Referees' Officer.

9. If a game to which you have been appointed does not take place for any reason (apart from the ground authority declaring the pitch unfit), please report the matter immediately to the League Referees' Officer.

10. In the event of misconduct on the field of play, reports should be made and sent to: Middlesex Football Association, Rectory Park, Ruislip Road, Northolt, Middlesex, UB5 5FA;
(Email) discipline@middlesexfa.com

With regard to misconduct other than on the field of play, please also inform the League Referees' Officer in order that the League may take any immediate action should it be deemed necessary.

11. All Referees must wear a black kit when refereeing any match in the Harrow Youth Football League - and no other colour will be acceptable.

12. Please read the League Rules very carefully and in detail before officiating in any match in the League; as they may differ from other competitions that you officiate in.

13. We hope that you enjoy officiating in our League which is proud of its sportsmanship and appreciative of the quality and quantity of its referee coverage. In order to maintain and enhance this position, please feel free to contact the League Referees' Officer to discuss any points or problems which may arise.
